Riverside Eco Glamping

At Castle Farm our Eco Glamping area offers you a unique opportunity to experience real wild camping with a touch of luxury.

At the other side of the main campsite over a large hill and down a grass track, our private Glamping area is located away from the main site enjoying its very own exclusive area on the banks of the beautiful River Nene.

Two luxury 5m Canvas Bell tents provide the perfect accommodation nestled at either end of the spacious Glamping area allowing plenty of room for that secluded feel

Each one is beautifully decorated and individually styled, including its own tarpaulin covered fully equipped camp kitchen, fire pit with tripod and outdoor seating area with pretty solar lighting .

The idyllic location allows full access to the River Nene from your tent door, enjoy waking up to the birds singing and gentle ripple of the river as it passes by it really is a wonderful place to wake up, with beautiful sunrises and sunsets across the fields, you can enjoy the uninterrupted tranquility simply lazing on the riverbank or if you love the water why not go wild swimming, canoeing or paddle-boarding, you can hire canoes and paddle boards locally and have them dropped off directly to your tent. (please ask for details)

If walking or cycling is more your thing we are located right on the Nene Way footpath, providing a fabulous choice of walks around the local area, the historic village of Fotheringhay is the site of Fotheringhay Castle mound which is just near the farm entrance and can be seen from the site itself and is a great starting point for a historical tour of the village. We have one pub "

The Falcon" in Fotheringhay which offers food and lots of other highly rated pubs in the surrounding villages.

The nearest town is Oundle (approx 6 miles) which has a small Coop & Waitrose, Oundle also has a small market held every other Saturday alongside some small independent shops and Quay area which is popular for events throughout the summer.

The city of Peterborough is approx 14 miles away with a country park, cinema, bowling alley and a shopping centre.

The Accommodation

We have two 5m luxury Canvas Bell Tents available this summer, each is fully furnished with everything you will need for your stay.

'The Toulouse' is decorated in a French chic style with painted furniture and a pastel colour scheme, the super king sized bed gives it a real boutique hotel feel, with a tea light chandelier hanging from the central pole and soft throws and cushions.

'The Bedouin' has a rustic boho feel with lots of bright rich colours and textures, moroccan style lanterns, rugs, floor cushions and throws, king sized bed.

Your accommodation will include the following...

- 5m Canvas Bell tent with carpet
- A fixed king or super king sized bed plus bedding
- 2 x Floor mattresses plus bedding (extra floor mattresses available)
- Furnishings - 1 set of drawers, bedside tables, cushions, throws etc
- Lighting - Battery and solar - lanterns & fairy lights
- Kitchen area - all you will need for a weekend stay including a BBQ, 2 Ring Gas Camping stove, pots, pans, utensils for 4 people
- Water - We will supply a 5L bottle of sealed bottled water plus a large camping container of tap water plus 1 solar heated water bag - these can all be refilled near the site entrance
- Washing / Shower facilities - A Private Alfresco camping shower cubicle will be next to your tent this will have 2 areas allowing you to change and wash privately. You will also be provided with a washing bowl, bucket and USB Shower unit
NB: Hot water will need to be heated by you on the campfire or gas hob or created via the solar heated water pouch.
- Fire pit with tripod - For the obligatory campfire cooking
- Outdoor seating and table for 4
- There is a single Porta loo toilet located within the Glamping area, this is exclusively for Glamping guests use only and is maintained
- A small welcome hamper will have some tea bags, sugar, coffee and milk ready for your arrival plus a starter basket that will include some firelighters, kindling, logs & charcoal to get you started. Plus we supply eco friendly shower gel and washing up liquid for your use (we ask that you use this to help protect the environment and you do not use regular products)

Eco Glamping

As a completely off grid site we do not have any power source at all and that's just the way we like it!

As custodians of this beautiful piece of land we are passionate about preserving the natural beauty and habitat for the many wild animals, we have an abundance of wild birds including swans, herons and kingfishers on the water and the amazing red kites and buzzards circling overhead. I have seen monk jack deer whilst walking across the fields, magnificent hares playing hide and seek as I walk down the hill to the tents early in the mornings. As nighttime falls you will hear the distinctive call of the foxes, see the native bats awakening from the large oak tree and swooping hoots from owls as they hunt in the dark.

We take our responsibility of preserving the eco system very seriously and are passionate about keeping things as simple and natural as possible, not only for the environment but also to allow our customers to experience the countryside with minimal impact.

We provide solar and battery powered lighting and all cooking & heating water is done via a small gas camping stove, BBQ or over the campfire.

Reducing the waste - Everything we supply with the accommodation has been carefully thought about.

- We decided that providing tea, coffee and Sugar in separate sachets was creating unnecessary waste so we now use refillable jars which are cleaned and refilled after each visit
- Water is a valuable commodity so refilling your own water from the onsite water tap really will highlight 'how much we use'
- Rubbish bins are provided inc a separate tub for recycling
- We are very conscious of disposing of our grey waste water from the shower and washing up etc, to help with this we have created a small soak away underneath the shower area to allow water to drain naturally back into to ground. We also provide eco friendly washing up liquid and shower gel for your use, these are sourced locally from a company called Refill Reuse in Oundle.

The bell tents will comfortably sleep 4 adults with the fixed bed plus the 2 floor mattresses however they could also easily accommodate a couple with 3/4 small children

We also have a smaller tent that you can hire to be pre pitched next to your bell tent for extra sleeping accommodation, this tent will comfortably sleep an additional 2 adults and is furnished with floor mattresses and bedding
Alternatively there is some space around each bell tent so we are also able to offer 1 exclusive camping pitch next to your tent and/or 1 mooring if you would like friends or family to join you with their own small tent, boat or camper van

NB: These pitches are only available to book with the bell tent & are not available to book separately, access to these pitches is only suitable for cars & small camper vans. Caravans & large motorhomes will not be able to access these pitches. Due to the pitch size we can only accept max 6 man tent size

Any extra guests will be sharing your bell tent area so please be aware this may affect your river access and available space around your tent.

Group bookings - can be made for both bell tents and including the extra pitches - Perfect for family get togethers & celebrations, allowing you the exclusive use of the whole Glamping area.

Day Visitors - You are welcome to have day visitors by prior arrangement any day visitors - we charge £5 per person and request that they leave the site by 8pm

We are happy to discuss any extra requirements and will do our best to accommodate your needs where possible

NB: All extra overnight/ day visitor guests must be discussed prior to booking & will be subject to extra charges payable at the time of booking - these will be agreed in advance on an individual basis
